

# Picton Public School Behaviour Support and Management Plan

## Overview

Picton Public School is committed to explicitly teaching and modelling positive behaviour and supporting all students to be engaged with their learning. All students have the right to be treated fairly and with dignity in an environment free from disruption, intimidation, harassment, victimisation and discrimination. To achieve this, the Picton Public School Behaviour Support and Management Plan incorporates comprehensive and inclusive strategies that create an environment with clearly defined roles, responsibilities and behavioural expectations. Picton Public School is committed to providing a safe, supportive and responsive learning environment for all students in which they demonstrate Safe, Respectful, Learner (SRL) behaviours and expectations. We implement teaching and learning approaches to support the development of skills needed by students to meet our high standards for safe, respectful and engaged learners. We will take action in response to behaviour that is detrimental to self or others or to the achievement of high-quality teaching and learning. NSW Department of Education is committed to creating quality learning opportunities for all students which includes strengthening their cognitive, physical, social and emotional wellbeing. Cognitive wellbeing is associated with achievement and success. Emotional wellbeing relates to self-awareness, emotional regulation and resilience. Social wellbeing includes the extent to which we experience positive relationships and connectedness to others. Physical wellbeing is associated with the extent to which we feel physically safe and healthy. This commitment to wellbeing aims to support students to connect, succeed and thrive. Promoting the learning, safety and wellbeing of all students is the foundation of the Picton Public School Student Behaviour Support and Management Plan.

## Promoting and reinforcing positive student behaviour and school-wide expectations

All members of the Picton Public School community are responsible for the behaviour and wellbeing of its students. Teachers, parents and carers work as partners in education to provide children with a productive, safe and harmonious environment. This partnership is based on a shared commitment to provide opportunities for students to take responsibility for their actions. Collaboration between school, students and parents/carers is integral in ensuring successful implementation of the Picton Public School Behaviour Support and Management Plan.

Picton Public School uses the following strategies and systems to explicitly teach, recognise and reinforce positive student behaviour and behavioural expectations:

- Whole school PBL (SRL) focus taught explicitly through class lessons.
- Positive reward system linked to PBL (SRL)
- Tiered prevention and supportive structures.

### Behaviour Code for Students

The Behaviour Code for Students can be found at <https://education.nsw.gov.au/policy-library/policies/pd-2006-0316/pd-2006-0316-01>. High expectations for student behaviour are established and maintained through effective role modelling, explicit teaching and planned responses.

### Whole School Approach

Care Continuum	Strategy or Program	Details	Audience
Prevention	Classroom Management	<ul style="list-style-type: none"><li>• Strong teacher/student relationships.</li><li>• Explicit teaching and modelling of specific skills including behaviour expectations and social skills.</li><li>• Communication with parents around school expectations.</li><li>• Class based systems of expectations and positive</li></ul>	Staff, students, families

### Partnership with parents/carers

Picton Public School will partner with parents/carers in establishing expectations for parent engagement in developing and implementing student behaviour management strategies. Parents/carers are responsible for:

- Supporting the implementation of the Student Wellbeing Policy
- Supporting the learning programs of the school

- Working as a partner in education with the school and sharing responsibility for the learning process and management of children's behaviour
- Recognising the right of all students at school to be safe
- Maintaining open lines of communication between home and school via discussions, meetings and interviews with teachers and/or executive arranged at a mutually convenient time.
